

Panel Review Criteria at a Glance

Native American/Native Hawaiian Museum Services Program

PROJECT JUSTIFICATION
<ul style="list-style-type: none"> • Is the project clearly explained? • Is the need, problem, or challenge to be addressed clearly identified and supported by relevant evidence? • Are the people who will benefit from the project clearly identified, and have they been involved in planning this project? • Are the materials (e.g. objects, specimens, collections) that are the focus of the project and their current condition described and quantified in sufficient detail? (if applicable) • Are the intended results well formulated and achievable? • Are the ways in which this project strengthens museum services specific, actionable, and measurable?
PROJECT WORK PLAN
<ul style="list-style-type: none"> • Are the proposed activities, technologies, and/or methodologies informed by appropriate theory and practice? • Are the technical details including all information required using the <i>Digital Content Supplementary Information Form</i> provided for projects generating digital products? • Do the identified staff, partners, consultants, and service providers possess the experience and skills necessary to complete the work successfully? • Is the schedule of work realistic and achievable? • Are the time, personnel, and financial resources identified appropriate for the scope and scale of the project? • Does the institution provide evidence of its capacity to carry out the project activities and meet the cost-share requirement? • Is a clear methodology described for tracking the project's progress and adjusting course when necessary? • Is there an effective plan for communicating results and/or sharing discoveries?
PROJECT RESULTS
<ul style="list-style-type: none"> • Are the project's intended results clearly articulated? • Will direct collections care, organizational capacity for collections care, and/or public awareness of the importance of collection care improve as a result of this project? (if applicable) • Will the tangible products be useful? • Are the measures of success in achieving results appropriate for the project? • Is there a reasonable and practical plan for sustaining the benefits of the project beyond the conclusion of this grant?
